Consider running for SGA

By Mutinta Suuya
Student writer

Your freshman year in college is the beginning of your college foundation. This is the year that can be used to join various clubs and organizations around campus.

The Student Government Association is one of various organizations found here at Lake Land College.

One may be curious to know what the organization involves. SGA is an organization mainly established to voice student concerns on campus.

It is divided into seven main committees which include high school leadership, public information service, judicial, interclub council, election committee and club luncheon banquet. In addition, every member of this association is part of at least one campus committee.

Being an SGA member also means that one may attend and

organize a lot of fun events.

This semester SGA will be organizing some fun events with the Student Activity Board. Some of these events include a disc golf tournament, election jeopardy and team building activities.

In an interview with Amanda Conder, the current SGA president, she emphasizes the benefits of joining the association.

Some of the most important benefits emphasized include having the opportunity to be recognized as a good student while adding experience to your resume.

The SGA has open weekly meetings every Wednesday between 11 a.m. and noon.

One might considering joining the SGA if interested in making college life more interesting, and in order to receive the opportunity to voice other students' concerns.

Applications to have your name added to the election ballot will become accessible to aspiring members on the Sept. 3. These applications will be due on the Sept. 10 at 4:30 p.m.

Lake Land's first disc golf tournament

By Leah Marlow,
Sports & Entertainment
Editor

Last semester construction began on the new disc golf course at Lake Land College. On Sept. 10, students will finally be able to enjoy the course at the grand opening and disc golf tournament sponsored by SAB and SGA.

Yellow tops mark each hole of the course

Sign up for the tournament will be in the Student Life Office, and participants will receive a list of rules attached to their sign up sheet. Rules will also be posted at the start of the course for player convenience. The winner will receive a prize.

"Anyone can use the course," adds Morrissette.

Discs can be rented at the Student Fitness Center in exchange for you student ID. Your ID will be given back to you upon return of the disc.

Lori Morrissette, Director of Student Life, hopes students will be encouraged to use the course after this tournament.

"Anyone can use the course."
- Lori Morrissette

Even if you are not the best golfer or Frisbee player, give the disc golf course a chance. Lori thinks the game is, "a lot of fun," and it is,

"easier than (she) thought."

The course is on the south side of campus, starting at the Vocational Technology building and going clockwise. There are nine holes. Each hole has a par three, except for hole eight which is par four.

Favre un-retires

By Leah Marlow,
Sports & Entertainment
Editor

At the end of the Greenbay Packers last season, quarterback Brett Favre gave an emotional goodbye to football. But now he is ready to make a comeback. Favre, after being denied a second string seat for the Packers, has become a member of the New York Jets. Football fans are eager to see how the legendary quarterback will fair this season.

Lake Land cheerleading tryouts

By Leah Marlow,
Sports & Entertainment Editor

Lake Land College cheerleading tryouts will be held on Saturday, Sept. 6 in the Laker Field House.

Participants will be judged on the following: voice projection, motions, tumbling, jumps, toe touch, appearance and an interview.

All Laker cheerleaders are required to be able to do at least

two of the: basing, flying a stunt or tumbling. Those trying out must at least be willing to try these activities.

If Coach Tammy Boeser sees potential, applicants have a better chance of making the squad.

The following ladies have already made the squad in the first cut: Rachel Wheeler, Lauren Albers, Cassidy Bolin, Kristie Harris, Lauren Haskins, Jenna Norris and Kayla Boyd. They will help with all stunting for the

safety of those trying out.

Be sure to wear a combination of the school colors when trying out. Lake Land College's school colors are red, black and white.

If you can not make the tryouts on Sept. 6, you can either set up a private audition or submit a video instead.

For more information on tryouts check out the Lake Land athletics website or contact Coach Tammy Boeser at tboeser@lakeland.cc.il.us.
