His 2500. SP 2012. **Assignment 3. The Book.** Select, find, and check out a book from Booth Library (from the list below), and write a brief essay (2 paragraphs, 300 words) about the book using only the material before the introduction (title page, TOC, acknowledgments, preface) or after the last chapter (notes, appendices, bibliography, index) or cover. Describe it, identify the subject, the method/approach, and the argument. Due Jan. 30.

[Note: I found all of these books in EIU online catalog, from [http://www.library.eiu.edu/welcome.asp](http://www.library.eiu.edu/welcome.asp), and they are all related to possible research/writing subjects for this course. I saved each citation into Zotero (which we will learn later), and then I created the bib through Zotero which took me about a minute or two. It is not 100% correct, but I bet it is 80% better than any bibliography you have created before! If the book you want is checked out; go to the next one. Please bring your paper AND the book itself on 30 Jan.]
