Semester: Fall 2015

Unit Theme: Educator as creator of effective educational environments: integrating students, subjects, strategies and societies.

Course Description: Techniques for providing appropriate reading instruction in proper sequence for students in grades sixth through 12 (3-0-3).

Prerequisites & Concurrent Enrollment: ELE 3281 for early childhood; ELE 3280 for elementary; ELE 3280 and MLE 3110 for middle level; or permission of department chair. University teacher education requirements apply and department requirements for enrollment must be met.

Course Purpose: This course is designed to convey to elementary/middle school/secondary pre-service teachers the understanding that they have a serious responsibility to provide students with the instructional support necessary to comprehend content textbooks. To achieve this end, class members will become familiar with several perspectives of the reading process and will acquire multiple strategies for teaching the reading skills using content textbooks, reading textbooks, and other reading materials.

Course Textbook:
ELE Alvermann, D. E., Phelps, S. F., & Gillis, V. R. (2010). Content Area Reading and Literacy: Succeeding in Today’s Diverse Classroom (6th ed.). Boston: Allyn & Bacon. (This is the textbook we will be using this semester.)

Teaching Model:
The Information-Processing Models
- Information-processing models emphasize ways of enhancing the human being’s innate drive to make sense of the world by acquiring and organizing data, sensing problems and generating solutions to them, and developing concepts and language for conveying them. (pp 10-13)

Dispositions:
Teacher candidates in the Department of EC/ELE/MLE will exhibit professional ethical practices, effective communication, and sensitivity to diversity, the ability to provide varied teaching practices evidenced in a supportive and encouraging environment

Live Text Assessment Requirement: For those classes with Live Text or Practicum- If the portfolio or Live Text requirements are rated, by the instructor, to have been completed in less than a satisfactory manner then no more than a "D" may be earned in the class regardless of the number of points earned.

Standards
Course requirements are aligned with the following standards:
- Illinois Social Emotional Learning Standards (SEL) http://www.isbe.net/ils/social_emotional/standards.htm
- Association for Childhood Education International (ACEI): http://www.isbe.net/rules/archive/pdfs/20ark.pdf

Reading Strategies Notebook/Presentation

Using the EQUIP lesson plan format, students will include Tier 2/Tier 3 academic vocabulary to create a lesson plan implementing a research-based strategy aligned to the CCSS. Student develops a useable notebook of reading strategies demonstrating access to a variety of strategies and competent planning for reading in the content area classroom. The student presents an individual content area reading strategy in the classroom demonstrating knowledge and understanding of the need for accommodations for struggling readers, English Language Learners, and an overall diverse student body. The lesson plan will model and support the conventions of language.

Writing Assignment

Students will incorporate best practice writing concepts and skills in researching best practice methodology and assessment for their specific content area. These concepts and skills include, but are not limited to:

- Determine and synthesize central ideas or conclusions of multiple and divergent sources
- Explore, integrate, and assess the credibility and accuracy of evidentiary sources
- Distinguish facts, reasoned judgment based on research findings, and speculation within and between texts
- Demonstrate audience-awareness
- Apply content-appropriate prescriptions with clarity, complexity, and cohesion in a logically-sequenced and organized format.

Participation

Participation includes presence in and contribution during class sessions and support of peers in group work.

Reciprocal Reading Instruction – A four-step teacher-directed reading technique that consists of summarizing, questioning, clarifying, and predicting.

Text Complexity – the inherent difficulty of reading and comprehending a text combined with a consideration of reader variables (qualitative components, quantitative components, reader-task components)

Text Dependent Questions – specifically asks a question that can only be answered by referring back to the text being read.

Tier 2 Academic Vocabulary – High frequency words that occur across content areas; often used in conversations and text; strongly influence speaking and reading

Tier 3 Academic Vocabulary – Words specific to a content area (e.g., water cycle – science, island – social studies, quadrilateral – mathematics, verb – English)
