

Rules for Reading Workshop

1. You must have a book in your possession at all times. It is your responsibility to be prepared when reading starts. Read! Read! Read!
2. Most weeks you will be required to make two literature log entries. Make sure that you follow the guidelines stapled in the front of your literature log.
3. Fill in your **READING RECORD** when you start a new book, and be sure to record the date you complete the book.
4. You may not talk to others during Reading Workshop unless we are doing a group activity or having class discussions.
